CLGC Board Nominations Are Being Accepted

The election of the CLGC board for 2007-2008 is upon us. Per the CLGC Operating Procedures "In odd years the President and Secretary will be nominated, in even years the Vice-President and Treasurer will be nominated." Normally only the President and Secretary would be open for nominations this (odd) year. However, at the same time Scott Wolf (Vice-President) and Pat Wager (Treasurer) were fulfilling previous board members partial terms and whose terms inadvertently became out of sync with the operating procedures. To correct this disparity all four CLGC board positions are open and nominations are being accepted as follows;

- President - 2 year term through Spring 2009
- Vice President - Preferably 3 year term through Spring 2010 or 1 year partial term through Spring 2008
- Secretary - 2 year term through Spring 2009
- Treasurer - Preferably 3 year term through Spring 2010 or 1 year partial term through Spring 2008

99's Seminar

January 27th

Several members of the ChicagoLand Glider Council, Windy City Soaring Club and Sky Soaring Glider Club joined together to provide literature and information to the aviation public at the 99's annual safety event in Itasca, IL on January 27th. Many thanks to Mike Vaughan for coordinating this effort, to the SSA for providing soaring materials and to the CLGC for paying for the table rental. A drawing was held for several free gliders rides.

Soaring Turnpoint Database Has Moved

John Leibacher's wonderful turnpoint database has moved to <http://soaringweb.org/>. The old location <http://soaring.aerobatics.ws> was "lost due to incompetence of the registry.com folks who manage domain names". The mirror sites of: <http://soaring.xinqu.net/JL> and <http://soaring.gahsys.com> will also work.

Quotes for the Day:

"It is possible to fly without motors, but not without knowledge and skill."

- Wilbur Wright

"Stay out of the clouds. The silver lining everyone is talking about may be another airplane going in the opposite direction. Reliable sources also report that mountains have been known to hide out in clouds."
